1000.3 RULES OF CONDUCT

Recognizing the need to maintain an environment suitable for studying, reading, browsing and the general use of library resources, the Library Board establishes rules and procedures to assure the safety of library users, library personnel, and library materials, equipment and furnishings; and to assure that the use of the library is not obstructed by inappropriate behavior or actions. Library patrons are expected to follow all library rules and policies including these Rules of Conduct.

Entering the library implies agreement to abide by these rules and policies while in the library. Failure to do so may result in expulsion from the Library and/or loss of Library privileges. A person who defies an authorized library employee not to enter the library or not to remain in the library for failure to comply with the library's rules and policies is subject to arrest for trespass (New York State Penal Law, Section 140.05)

The following rules are to be observed:

1. No eating food or drinking beverages from outside the library in non-designated areas.
2. No smoking or vaping within 100 feet of any library entrance as per NYS Health Regulations. No smoking within the Library, its entranceways, bathrooms or outdoor spaces.
3. No possession, use, distribution, or being under the influence of recreational drugs or alcohol on library premises. This includes, but is not limited to all library related spaces including restrooms, meeting rooms, hallways, entryways and outdoor areas including the library patio, portico, and parking lots.
4. Sleeping on library floors is prohibited and sleeping on library furniture resulting in a disturbance to others or impeding the use of seating by others within the library is prohibited.
5. No disorderly, disturbing or disruptive behavior on library premises, including offensive personal hygiene, strong odor such as perfume or substances on clothing, body, or materials, use of profanity, excessive and loud noise, or any behavior, which constitutes a nuisance and impedes the public's use and enjoyment of library services and/or library staff ability to provide services.
6. No changing or diapering outside of the dedicated diaper changing areas provided in library restrooms. Disposal of diapers is restricted to dedicated diaper receptacles provided in the library's restrooms.
7. No harassment or threatening of library users or library personnel. No blocking of aisles, exits or service areas.

01/15/2026

8. No weapons with the exception of peace officers.
9. No pets, except for service animals, which are trained to assist or accommodate a person with a sensory, mental, or physical disability or to perform tasks for the benefit of a disabled individual. ADA compliance does not include emotional support animals. All service animals must be under the full custody and control of their handler at all times while on library property. All service animals must be on a leash or harness at all times unless the handler is unable to leash or harness the animal because of a disability or would interfere with effective performance of work or tasks. If the service animal cannot be leashed or harnessed, it must be otherwise under the handler's control (e.g., voice control, signals, or other effective means). Owners of the service animals are solely responsible for the supervision and care of the service animal. Therefore, owners must keep the service animal directly with them at all times.
10. Absence of shirts or shoes is not permitted.
11. No clothing which can reasonably be deemed vulgar, obscene or harassing on library premises.
12. No placing feet or laying across chairs, tables or furnishings.

1000.4 GETTING A LIBRARY CARD/BORROWING

Getting a Library Card

The first step to access all of the services the Williamson Public Library has to offer is to register for a library card.

Residents of the OWWL Library System (Ontario, Wayne, Wyoming and Livingston counties) age 16 and above, that have never had a library card with a member library in the four counties, may start the process online via <https://owwl.org/help/register> or apply in person at the Williamson Public Library.

01/15/2026

If you start the process online you will be asked to show valid identification in person before materials are loaned. If you register in person you will be asked to bring ID with you to complete the registration process.

Valid identification is a photo ID. The following items will be accepted by Library staff as valid forms of identification. This list is not limited; a photo ID is defined as an item containing a photo of the applicant with first and last name of applicant.

- **Valid Driver's License**
- **State or County Identification Card**
- **Student Identification Card**
- **Child Safety Card**
- **Military Identification Card**
- **Social Service Card**
- **Passport**

Applicants must also complete and sign the Library's registration form. By signing the registration form or submitting it online, applicants certify that the information provided is true and correct to the best of their knowledge and that they agree to obey all policies of the Williamson Public Library. Cardholders are responsible for the safekeeping and use of their card, including all items and fines charged to their account, unless the card has been reported lost or stolen.

Lost cards should be reported to the Library immediately to avoid unnecessary charges, and may be replaced for a fee. All lost cards will be marked inactive until replaced. The Library will not provide, verbally or in writing, a patron's library card number in lieu of replacing a lost card.

Cards damaged by regular wear and tear may be replaced by the Library at no cost to the patron. Cardholders are only allowed one OWWL card in their name. Upon application for a library card, the Library will verify that the applicant does not already have a card within the OWWL system. If the Library finds that an applicant has a pre-existing OWWL account, the applicant must update the information on the account, take care of any outstanding fines over \$5, and pay a card replacement fee before a new card will be issued. If any patron is found to have multiple OWWL accounts, those accounts, along with all fines, items, and holds associated with them, will be merged to the most recent record.

The Library will document any evidence used to verify the multiple accounts and place a note in the patron's merged record identifying the evidence. The Library Director and Board of Trustees will be the sole arbitrator in instances where a patron wishes to challenge the finding. The Library reserves the right to withdraw borrowing privileges from any patron providing the Library with false registration information.

Youth Registration (ages 5-15) A parent or guardian may obtain a library card for their child by providing a valid form of identification and signing the registration card. Upon receiving a card, the parent/guardian assumes responsibility for all materials and any fines incurred through the use of the child's card. The child must be present at the time of registration.

01/15/2026

A youth registration card can be used to borrow any item in the library. We do not monitor or limit a child's access to materials in the library. Parents are the best judge of what is appropriate for their child. When you authorize a library card for your child you accept responsibility for supervising what your child borrows. The Library holds a wide range of books, movies, and other materials, and you may feel that some are not suitable for your child. You, as your child's parent or guardian, are the best judge of what is right for your family and should discuss this with your child and set limits that you feel are right for your child.

Borrowers are responsible for updating their registration information upon any change of address, name, email, phone number, stolen card, etc. Application for a library card constitutes an agreement with the library that the borrower is responsible for all materials borrowed on the card and will return them in a timely manner and in good condition. The borrower assumes financial responsibility for any fines or replacement costs incurred for lateness, loss or damage to the materials. The borrower's acceptance and use of a library card implies his/her agreement to abide by all library rules, policies and regulations. A borrower may replace a lost card for a \$1.00 fee. If a card was issued over three years ago the Library allows one free card replacement as a courtesy. Identification may be required at the time of replacement.

A borrower must present their library card for every transaction. The card is required to assure accuracy. For borrower's that prefer to keep their card digitally we suggest storing a picture of the barcode and signature on the back of the card in the camera roll of your phone or tablet or utilizing the OWWL APP.

Borrowers that do not bring their card will be provided with up to three courtesy checkouts per year by providing alternative id.

Borrowers may be denied access to materials or services when fines amount to more than \$5.00, have more than five (5) overdue items, or have chronically abused the library's borrowing rules. A limit on materials to be borrowed by one person may be imposed based on demand, value, or availability of the items. A max of 100 Williamson Public Library items or the max set by the OWWL Library System (whichever is lowest) per individual library card will be followed.

1000.7 MATERIALS REPLACEMENT COST

If a borrower returns library materials in such condition that the staff decides that they are no longer suitable for circulation, the borrower will be billed for the cost of replacing the material.

Replacement cost includes the purchase price of the material as well as the library resources used to process and catalog the item. In some cases, the Library may reduce or waive replacement costs based on the age, condition, and current relevance of the item to the collection, or documented hardship.

In the case of minors, the parent or guardian who has given permission for the minor to obtain a library card will be responsible for returning materials in reasonable condition and for paying any fines or fees incurred.

Library materials will be declared lost by staff based on the material's due date, or if the patron declares that the material is lost before that time. The full replacement cost is charged for lost materials. In some cases, the Library may reduce or waive replacement costs based on the age, condition, and current relevance of the item to the collection, or documented hardship.

01/15/2026

No refunds are provided if the material is located after payment to the library.

The library will not accept a physical item as a replacement for lost or damaged materials. Please speak with a staff member if replacement costs are a hardship.

1000.16 CHILDREN'S RULES for ONLINE SAFETY

(Excerpted from "Child Safety on the Information Highway" by the National Center for Missing and Exploited Children.)

- I will not give out personal information such as my full name, address, phone number, parent's work address/ phone number, birth date or the name and location of my school without my parents' permission. I will be wary of apps and programs that track my physical location.
- I will tell my parents right away if I come across any information that makes me feel uncomfortable.
- I will never agree to get together with someone I "meet" online without first checking with my parents. If my parents agree to the meeting, I will be sure that it is in a public place and a parent will accompany me.

- I will not respond to any messages that are mean or are in any way make me feel uncomfortable. It is not my fault if I get a message like that. If I do, I will tell my parents right away so they can contact the site or service provider.
- I will not send a person my picture or anything else without first checking with my parents for permission.
- I will be mindful of the information and pictures that I post, share, or provide comments about online. I know that anything digital can be copied, stored and posted, so even though I think it is deleted or has restricted access, others may see it or share it, and it could harm my reputation, school or employment options now or in the future.
- I will talk with my parents so that we can set up rules for going online. We will discuss the apps, sites and times of the day that I can be online and appropriate areas for me to visit. I will not access other areas or apps that break these rules without their permission.
- I will not misrepresent myself as someone I am not when I am online.
- I will think critically about the information I provide online. I will question emails that ask for a username or password and will not click on any links, but type in the address of websites to avoid getting caught up in “phishing” schemes.
- I will use secure passwords and will not give out my internet password to anyone (even my best friends) other than my parents.

1000.21 ANIMALS in the LIBRARY

Williamson Public Library recognizes that some patrons may have service animals, which are trained to assist or accommodate a person with a disability or to perform tasks for the benefit of a disabled individual.

The Library recognizes legal rights under federal and state laws regarding use of service animals. The Library also considers the safety and health of all of its patrons, the public and library staff to be of utmost priority.

Patrons are not permitted to bring animals into any library building with the exception of the following:

SERVICE ANIMALS AND SERVICE ANIMALS IN TRAINING:

In accordance with the Americans With Disabilities Act, any person with a disability is allowed to bring their service animal into the library.

Individuals with disabilities may bring their service animals into all areas of the library where members of the public are normally allowed to go.

All service animals must be under the full custody and control of their handler at all times. Service animals must be harnessed, leashed, or tethered, unless these devices interfere with the service animal's work or the owner's disability prevents using these devices. In that case, the individual must maintain control of the service animal through voice, signal, or other effective controls. Owners of the service animals are solely responsible for the supervision and care of the service animal. Therefore, owners must keep the service animal directly with them at all times.

A service animal is defined as an animal "that has been individually trained to do work or perform tasks for an individual with a disability." The task(s) performed by the animal must be directly related to the person's disability.

Users of service animals are not required to show papers or to prove a disability. Documentation is not required. Service animals are not required to be licensed or certified by a state or local government or training program, or be identified by a special harness or collar.

Staff may ask if an animal is a pet or a service animal required because of a disability. Owners of service animals or service animals in training will indicate that they are working animals and not pets. Terms used may include assistance, service, guide, hearing or helping animal. Staff may not ask about the owner's disability. Any animal identified as a service animal must be admitted.

A person with a disability cannot be asked to remove his or her service animal or service animal in training from the library unless the presence, behavior or actions of the service animal constitutes an unreasonable risk of injury or harm to property or other persons. In these cases, library staff should give the person with the disability the option to obtain library services without having the service animal or service animal in training in the building.

Fear of allergies, annoyance on the part of other patrons or employees or fear of animals are generally not valid reasons for denying access or refusing service to people with service animals or service animals in training.

ANIMALS AS PART OF LIBRARY-SPONSORED PROGRAMS

The library may choose to offer educational programs for the public that include various animals. Such animals are permitted in the library building for the duration of the program and must be accompanied by the owner at all times.

VIOLATION OF POLICY

Owners of pets will be asked to remove them from inside the library building or in areas outdoors if they impede anyone's progress into or out of the library.

1000.22 SALE OF ITEMS IN THE LIBRARY

It is the desire of the Board of Trustees of the Williamson Public Library to serve the needs and interests of local citizens in the area of public library. Staff members are hired to conduct the daily operations of the Williamson Public Library.

With regard to sale or distribution of merchandise or materials by local, civic, fraternal, service and non-profit organizations, it is not the objective of library services to make available marketing space or cashier services in the library.

Sale of materials in the library will be limited to projects or merchandise of Friends of the Williamson Public Library and surplus equipment sales by the Board of Trustees. Consideration of liability on the part of the library staff and the Board of Trustees for receipts or merchandise left in the library over any period of time and of the time and responsibility placed upon staff by outside sales dictates that the Board of Trustees shall not allow the sale of merchandise which is not library related.

The Director administers this policy and refers any appeals directly to the Board of Trustees. The Director is authorized by the Board of Trustees to use discretion in the administration of this policy.

1000.23 POSTING OF MATERIALS IN THE LIBRARY

The Williamson Public Library provides a bulletin board and community information rack for the purpose of displaying events, notices, and information of an educational and cultural nature. The library will post items on the bulletin board and accept informational handouts from nonprofit, educational, cultural, and community-based agencies. The library will not post items on the bulletin board nor accept informational handouts from for profit and commercial agencies. Personal, employment, foreclosure, and partisan political notices will not be posted. Postings will be displayed as space allows. Notices and informational handouts must be submitted to library staff or they will be removed and discarded. Items will be posted for a maximum of one month. Submitted items will not be returned.

01/15/2026

1000.24 LIBRARY TELEPHONE

The Williamson Public Library's telephone lines are strictly for official library business. The Library pays a fee for each local and long-distance call made from our phone system. Also, phone lines when in use prevent incoming calls to the library. No personal phone calls are allowed using a library phone line, with the exception of personal calls on behalf of a minor if it pertains to the child's safety. In this case, a Library Staff member will make the call for the minor.

Incoming Calls

The acceptance of incoming collect calls billed to the Library is not authorized along with any incoming personal calls for the public.

1000.25 LIBRARY BED BUG POLICY

The Williamson Public Library actively strives for the prevention and if identified the containment of bed bugs on library premises. Library staff are provided with photos for bed bug detection and the following procedures for containment, reporting, and treatment protocols.

The Williamson Public Library pledges to:

- Reduce the risk of an infestation to staff and patrons through quarterly inspections of library facilities by a pest control company and regular inspection of library materials by staff.
- Contract only licensed, accredited, and reputable pest detection and control companies for inspection and treatment
- Review our detection, containment, testing, and treatment procedures on an ongoing basis and update these procedures according to best practices.

The Williamson Public Library recognizes all patrons and staff have a role to play in controlling bed bugs in our community.

All patrons, staff, and volunteers must immediately report any sighting of live or dead bed bugs or evidence of bed bugs to the Director.

Staff and Library Protocols to Mitigate the Risk of Bed Bug Exposure:

- Staff will routinely inspect all incoming materials, including those returned at the Circulation Desk, in the book drops, and through interlibrary loan delivery, for signs that bed bugs are or have been present including live or dead bed bugs, bed bug eggs, bed bug nymphs, casings, and feces/spotting associated with bed bugs.
- All items identified by library staff as potentially containing live or dead bed bugs or

01/15/2026

evidence of bed bugs will be promptly quarantined and treated. After treatment, all materials will be re-inspected. Materials with bed bugs or evidence of bed bugs may be discarded at the discretion of the Director.

- Patrons or their home library, if the item is returned via delivery, will be notified by the Williamson Public Library if any of their materials returned contain live or dead bed bugs or evidence of bed bugs. Library patrons experiencing a bed bug infestation in their residence will be placed on a temporary suspension from the library until after the patron presents proof that their residence has been successfully treated for and eradicated of bed bugs by a licensed and accredited pest control company.

INTRODUCTION SECTION TWO

SAFETY & SECURITY

2000.1 Children's Safety in the Library

Children are always welcome at the Williamson Public Library. It is a wonderful place for them to experience the excitement of reading and the pleasure of sharing good books.

Library staff members strive to ensure that the facility is operated in a safe manner. However, because the building is open to the public, the library should not be considered a safe place for unattended children. The responsibility for the safety and behavior of children in the library rests with the parents, legal guardians, or other responsible adult caregivers. Library staff members are not responsible for the care and safety of unattended children in the library.

- All children under **ten** must be supervised by a parent, guardian or other responsible adult in such a manner to maintain that child's positive behavior and for the safety of the child.
- Children aged 10 or older may use the library without a parent or responsible adult caregiver present, but must be able to reach a responsible adult immediately. All children must abide by the posted Rules of Conduct and all library policies and procedures while in the library. Children who do not follow these rules are subject to the same consequences as other library users, including being required to leave the library or losing library privileges.
- *Parents or caregivers should be aware of library closing times. If a child is not picked up by the time the library closes, a member of the staff will notify the local law enforcement agency.*
- *In order to maintain a safe environment for children in the Children's Area, adults who are not accompanying a child or using the children's collection for legitimate purposes may be questioned by staff and asked to move to another area of the library. Failure to comply with a staff member's direction may result in intervention by law enforcement.*

2000.2 VIDEO SURVEILLANCE POLICY

PURPOSE

The Williamson Public Library is committed to establishing and maintaining an environment that is secure and safe for both employees and library visitors, and maintaining the security of its property and facilities. In pursuit of this objective, selected public areas of the library premises are under video surveillance and recording. The purpose of this policy is to regulate the use of security cameras and video monitors to observe and/ or record activities in library facilities. This policy is in force to deter public endangerment, vandalism, theft and mischief and to identify those individuals involved in such activity for law enforcement purposes, while adhering to the Protection of Privacy Act and the Freedom of Information Act. The Williamson Public Library balances the security benefits derived from the use of video surveillance with the privacy rights of individuals.

POLICY

In the daily operation of the Williamson Public Library premises, the safety of property, visitors and employees is protected and maintained by conventional means such as alert observation by staff, safety training for staff, and the consistent application of the Library's Rules of Conduct and Safety Policy. However, in some circumstances, additional protection provided by surveillance cameras is essential in maintaining lawful and safe use of library premises. Utilizing security-monitoring equipment is an option for a location in the library or on library premises under the following conditions:

- It is a vulnerable area that is difficult to monitor due to staffing patterns and assignments.
- It is an area which lacks direct sight lines for supervision.
- The area is burdensome to monitor due to its size or remoteness.
- An area experiences recurrent security related incident.
- A previous incident of significance has occurred in that location.

Video surveillance for security purposes at the library is limited to locations and uses that do not violate the reasonable expectation of privacy. Such areas for surveillance may include those of public usage, including the grounds, parking lots, entrances and interior hallways. Video surveillance will be conducted in a professional manner and in a manner consistent with other existing library policies. No audio will be recorded.

This policy does not imply or guarantee that any or all cameras will record images or monitor in real time for 24 hours a day, seven days a week. Recordings are normally retained for a minimum of 30 days. Video recordings and photos obtained through the video monitoring system will be released as necessary and in accordance with applicable laws, such as in response to search warrants and court orders. Only the Director or employees designated as Persons in Charge shall be authorized to release any video record to law enforcement. Only the Director shall be authorized to release any video record to any third-party other than law enforcement. A log will be maintained to record all episodes of access to, or use of recorded materials.

01/15/2026

Video monitoring and recording will be conducted in a manner consistent with all existing local and applicable laws and ordinances. Appropriate signage will be posted at the entrance to the library indicating that public areas may be subject to video surveillance. Lack of signage does not indicate a reasonable expectation of privacy.

Adopted by the Library Board 3/19/2009

2000.3 Safety POLICY

No person shall engage in inappropriate conduct on the premises of the Williamson Public Library or when participating in library programs. "Library premises" include the interior of the library's facility in the Town Complex, as well as the foyer entry, sidewalks, library parking area and lawn.

Inappropriate conduct shall include any individual or group activity that is disruptive to other persons who are lawfully using the library premises or any behavior otherwise inconsistent with the activities normally associated with a public library. In general, behavior that violates the law, behavior that interferes with the use and enjoyment of the library by others, and behavior that interferes with library employees in the performance of their duties is prohibited.

Library users are required to observe the Rules of Conduct (1000.3) and all rules and policies governing the use of the Williamson Public Library. If a person defies an order personally communicated by an authorized library employee not to enter the library or not to remain in the library for failure to comply with the library's rules or policies, said person is subject to arrest for trespass (New York State Penal Law, Section 140.05).

Support of Staff Members' Actions

Library staff members who have acted on their best judgment, in a firm and in control manner, when confronting a person will be supported by their supervisor and the library board.

Any staff member who observes or receives complaints of inappropriate behavior may:

- Handle the problem directly with the patron. Staff should use judgment as to whether the situation requires assistance from another staff member.
- Call for police support immediately if the situation appears to be potentially violent or an emergency.
- Ask the senior staff person present to assess the situation and decide as to how it should be handled.
- Decide to contact the police if the offending person(s) will not conform to the Rules of Conduct and the request of the staff to do so.

In all cases, the supervising staff person who is present, should be kept informed of the situation and should oversee the documentation of the situation, as well as its satisfactory resolution. The incident and documentation, should be provided to the Director as soon as possible, so s/he is aware of the situation.

2000.4 INCIDENT REPORTS

Staff Incident reports should be filed in all cases when it is necessary to confront someone who is involved in violation of the Rules of Conduct or engaging in any other inappropriate behavior.

Incident reports will be used to document security or safety issues as well as to monitor on-going problems on library property. They should be filled out as completely as possible and should include any information that might be helpful to resolve the situation.

2000.5 INAPPROPRIATE CONDUCT

INAPPROPRIATE CONDUCT – MINOR VIOLATIONS

Staff members are empowered to determine the severity of the violations that they observe. If a violation is considered “minor” – i.e. if there is no immediate threat of damage to the library’s facility, collection or furnishings, or danger to staff or patrons– the following steps will be taken:

- Serve a patron with one warning, either verbally or in writing by using the Violation Notice form and Rules of Conduct pamphlet (Attachments C and D), to notify him/her that he/she is in violation of the Rules of Conduct.
- If the person persists with the behavior for which he/she has been notified, he/she will be asked to leave the premises. If the person leaves as asked, he or she will be banned from the premises for the rest of the day. A staff person may ban someone for a day. The Director *may* extend the ban up to a week, if the situation warrants. The person will be notified verbally and if extended, in writing. All staff will receive written notice of the situation.
- If the person does not comply with the request to leave the premises, the police will be called. If this step is necessary the incident becomes a *major violation* and the offending person will be banned from the library for thirty (30) days per procedures below.
- In any case, an incident report must be filed describing the situation and any staff actions that have been taken.

INAPPROPRIATE CONDUCT – MAJOR VIOLATIONS

If a staff member observes a person involved in a significantly serious violation of library rules, he or she will proceed as follows. A “significantly serious violation” of the Rules of Conduct may include– but is not limited to – theft, vandalism, harassment, threats, criminal activity, or violent or dangerously reckless behavior.

- The police will be called immediately.
- The patron may be banned from the library premises for a period of thirty (30) days to six (6) months at the discretion of the Library Director and Board, depending on the nature of the offense, the extent of damage or disruption that was caused, and the history of prior violations.
- An incident report must be filed with all pertinent information.

2006.6 BANNING

A patron may be banned from the library premises under the circumstances described above.

Extended banning process

If a patron commits a serious violation and banning of thirty (30) days or more is being considered, the following procedures will be followed:

1. The Library Director will review the incident report as well as interview any staff members who were involved with the situation.
2. The Director, or the staff person designated to act on the part of the Director in his/her absence, will provide a written decision in consultation with the Board President or Vice President regarding the banning within one (1) business day of the violation.
3. The written decision will set forth the period during which the patron will be banned from the library and will specify the reasons for the determination. The patron may be banned for a serious violation for thirty (30) days up to six (6) months.
4. The patron and all staff will be notified in writing of the reasons for and the length of banning. A copy will also be sent to the Wayne County Sheriff’s Office and the Library Board President.
5. The Director and Board may review or reconsider the decision and may shorten or terminate the banning period if information submitted by the patron or staff merits such modification. A patron may appeal a banning notification at the next regularly scheduled Board of Trustees meeting. If such a decision is made, both the staff and the patron, and authorities will be notified in writing.

2006.7 REPEAT OFFENDERS

Any person who persists in violating the Rules of Conduct-including what may be considered a minor offense – may be considered to be subject to extended banning of thirty (30) days or more as deemed appropriate by the Director and Board. The same procedures for extended banning of thirty (30) days or more described above will be followed. Any person who enters or remains on library premises after having been notified of a period of banning by an authorized individual will be subject to arrest and prosecution for trespassing. This may be considered to be grounds for permanent banning of the individual.

01/15/2026

2006.8 PERMANENT BANNING

In the event that a person regains access to the library after a major violation and banning -- and then repeats that activity he or she may be permanently banned from the library premises.

1. The Library Director and Library Board will review the incident report and staff statements at the next Library Board meeting.
 2. After discussion with the Library Board, the Director will provide a written decision regarding the permanent banning as soon as possible after the repeat offense.
 3. The written decision will state that the patron will be permanently banned from the library and will specify the reasons for the determination.
 4. The patron and all staff will be notified in writing of the permanent banning. A copy will also be sent to the Wayne County's Sheriff's Office and the Library Board President.

Cardholders age 16 and older control access to their own library records, Parents or legal guardians may access records of cardholders under age 16 only as permitted by library policy. To help ensure the confidentiality of library records, patrons should keep their library card in a secure place and bring it with them when visiting the library. If patrons are conducting library business over the phone, they should have their library card number on hand. The card owner is responsible for all use of their card. It is the responsibility of the user to report lost or stolen cards immediately. A patron with their library card can access information about titles that are checked out to them as well as other account information. When a patron comes to the library in person, or calls by telephone and provides their library card number, this information will be supplied by library staff. Patrons can also access this information online from the OWWL public access catalog.

Accessibility of Juvenile Records: A parent or legal guardian with the library card of their child (less than 16 years of age); can access information about titles that are checked out to their child as long as the child is present and provides permission for the library to release this information.

If a Patron Does Not Have Their Library Card: When a patron comes to the library and does not have their library card on hand, library staff can supply information about

01/15/2026

the patron's record if the patron presents appropriate identification verifying name and address. When a patron calls the library but does not have their library card, if the patron verifies their name and address, library staff can inform the patron if they have materials on hold, but cannot give out other account information.

If a Patron Has Someone Else's Card: When a patron comes to the library in person and has a valid library card belonging to a friend or family member, the patron will be able to:

- Pick up reserved material
- Check out and renew materials

Making Changes of Personal Information: The card owner may be asked to show valid identification when staff update the patron's personal information on the patron's account. The Williamson Public Library also supports the American Library Association's Freedom to Read Statement and Library Bill of Rights when acquiring and managing collections.

OBJECTIVE

The Library's collections are developed and managed to meet the majority of the cultural, informational, educational, and recreational needs of the Library's service area. The Library's staff builds and maintains a patron-oriented collection by anticipating and responding to needs and expectations.

RESPONSIBILITY FOR SELECTION

Library staff contributes to the development of patron-oriented collections by:

- Interacting with patrons with understanding, respect, and responsiveness;
- Handling all requests equitably;
- Working in partnership with one another to understand and respond to community needs;
- Understanding and responding to rapidly changing demographics, as well as societal and technological changes;
- Recognizing that materials of varying complexities and formats are necessary to satisfy diverse needs of library users;
- Balancing individual needs and broader community needs in determining the best allocation of collection budget for acquiring or providing access to materials and information;
- Seeking continuous improvement through ongoing measurement; and
- Reviewing the collection on a regular basis to identify areas of community interest that may need to be strengthened.

SELECTION CRITERIA

The following criteria will guide the selection of materials for Library collections:

- Present and potential relevance to community needs;
- Suitability of physical form for library use;
- Suitability of subject and style for the intended audience;
- Cost;
- Importance as a document of the times;

- Relation to the existing collection and to other materials on the subject;
- Attention by critics and reviewers;
- Potential user appeal; and
- Requests by library patrons.

SELECTION OF CONTROVERSIAL TOPICS

A balanced collection attempts to represent all sides of controversial issues as far as availability of materials, space, and budget allow. Selection is based upon the criteria stated in this policy. The race, religion, nationality, or political views of an author or creator; offensive language; depictions or descriptions of violence or sexually explicit activity; controversial content of an item; or endorsement or disapproval by an individual or group in the community does not cause an item automatically to be included or excluded from the library's collection.

LIBRARY COLLECTIONS AND ACQUISITIONS

Library collections include, but are not limited to, the Children's Collection, the Young Adult ("Teen") Collection, and the Adult Collection.

The Director administers the development of the Library's collection under the authority of the Williamson Public Library Board of Trustees. At the discretion of the Director, qualified staff may be assigned collection acquisition and weeding for Library collections.

COLLECTION MAINTENANCE AND WEEDING

The Library continually withdraws items from its collections based on many factors, including publication date, frequency of circulation, community interest, space, and availability of updated materials. Items dealing with local history are an exception, as are certain classics and award-winning children's books. Fiction once popular but no longer in demand and non-fiction books that are no longer useful are withdrawn from the collection.

RECONSIDERATION OF LIBRARY MATERIALS

Materials made available by the Williamson Public Library present a diversity of viewpoints, enabling citizens to make the informed choices necessary in a democracy. The Library also selects a wide variety of materials that satisfy the diverse interests of our community. The Library upholds the right of the individual to secure these resources, even though the content may be controversial, unorthodox, or unacceptable to some. The Library's varied collection is available to all; however, it is not expected that all of the collection will appeal to everyone.

Patrons who wish to request the withdrawal or reclassification of materials currently owned by the Library are encouraged to discuss their concerns with the Director. A formal request may be made using the form below. All formal reconsiderations requests will be evaluated based on the criteria in this policy by the Director, and the Library Board of Trustees. A final determination will be developed and kept on file for a minimum of two years. A title will not be reviewed more than once in this two-year period.

3000.20 EQUIPMENT

The library director is responsible for determining and recommending to the Board of Trustees the equipment needs of the library. Selection of equipment should be based on knowledge of the needs of the library, types of equipment appropriate to the library and resources for recommendation and evaluation.

Consideration should be given to the effective use of the collection and staff, and the goals and objectives of the library in determining equipment needs and selecting items. Technology, compatibility with style and design already in use, durability, maintenance, and effectiveness should be considered. Comparisons of reliability, workmanship, cost, etc., should be made before any purchase.

Equipment purchases should be a planned part of the yearly budget.

Long-range planning should be made in cases of major equipment needs.

The library director should consult with and obtain the prior approval of the Board of trustees on items costing more than twenty (20) per cent of the current year's equipment budget. The library director will keep the Board informed of purchases.

The library director will follow the appropriate procedures for bids when required by law.

INTRODUCTION SECTION FOUR

BOARD, OUTREACH, & COMMUNICATIONS

4000.1 OPEN MEETINGS LAW

The Board of Trustees of the Williamson Public Library complies with the provisions of Article 7 of the Public Officers Law: Section 511 of the Laws of 1976 and Section 933 of the Laws of 1977, also known as the Open Meetings Law.

4000.2 PUBLIC PARTICIPATION at LIBRARY BOARD MEETINGS

Public Participation at Library Board Meetings

New York State Open Meetings Law (Article 7, Public Officers Law) gives members of the public the right to attend meetings of public bodies but does not give the public the right to speak or otherwise participate at those meetings, except at public hearings and under other limited circumstances. The New York State Committee on Open Government has agreed that a public body can adopt reasonable rules that treat members of the public equally and allow them to speak during open meetings. Such rules can serve as a basis for preventing verbal interruptions and a public body can regulate actions of the public attending meetings so as not to interfere with the deliberative process.

Therefore, the Library Board of Trustees of the Williamson Public Library hereby adopts the following rules for public participation at meetings of the library board:

1. Public participation at meetings of the Library Board shall be limited to the public participation segment of the agenda or at the invitation of the chair.
2. Public comment, whether during the public participation segment of the meeting or during a duly designated public hearing, shall be limited to five minutes per person. An individual's time may not be given or traded to other speakers or reserved for other portions of the meeting. The Chair or the presiding officer shall act as timekeeper or shall designate another board member as timekeeper.
3. Any comments in reference to an individual staff member will be addressed in executive session. Any action of the Board will be taken in open session.
4. Any person wishing to speak at a library board meeting during the public participation segment or during a public hearing must sign the sign-in sheet upon entering the room. The sheet will be used by the Chair or the presiding officer to recognize speakers.
5. Comments must relate to legitimate library business.
6. Members of the board, speakers, and audience members must observe proper decorum. Any statement made during the meeting or during a public hearing by the Chair, members of the Library Board and staff, or members of the general public shall not involve personal, impertinent, or slanderous attacks on individuals, regardless of whether the individual so attacked is an elected official, a Library Board member or staff, or a member of the general public.

7. The Chair or the presiding officer shall control the meeting. The use of profane, vulgar, inflammatory, threatening, abusive, or disparaging language directed at the Chair, members of the Library Board or staff or members of the general public, or statements by a person not recognized to speak will not be tolerated.

8. Banners, flyers or other signs are not permitted in the meeting room. Distribution of flyers in the meeting room is also not permitted.

9. Any person who disregards the directives of the Chair or the presiding officer in enforcing the rules or who generally conducts himself or herself in a boisterous or inappropriate manner while addressing the Library Board and disturbs the peace at a meeting, will be barred from further participation and will forfeit any balance of time remaining for his or her comments.

10. The Library Board is not obligated to respond to public comments during the meeting.

Adopted by the Library Board 5/19/2011

4000.3 VOLUNTEER POLICY

A “volunteer” is defined as anyone who has applied and is selected to perform tasks constituting civic and/or charitable functions without expectation and/or provision of compensation and without benefits for their time and service. Although the activities of library volunteers are governed by all library policies and procedures, as a Civil Service employer, the Library will not utilize any volunteer as replacement for any Williamson Public library paid staff members. Volunteers supplement services and do not perform duties that require a Civil Service title, nor cover staff absences or any other tasks regularly performed by paid staff.

- Those seeking to volunteer will submit a completed Library Volunteer Application to the Youth Services Specialist.

- Due to limited volunteer opportunities and staff classified under a Civil Service classification to provide supervision, the Library primarily reserves volunteer opportunities for high school students requiring community service credits for graduation.

- The Williamson Public Library Director has final approval of acceptance of all volunteers and removal, with day-to-day supervision delegated to the Youth Services Coordinator.

- Volunteer permitted tasks include shelf reading, craft kit assembly, light weeding of landscape beds, clean-up of leaves, assembling summer reading promotional bags, and/or light cleaning that is not custodial in nature and are nominal tasks.

- Minors under the age of 18 seeking to volunteer must have a guardian sign their Volunteer Application.

- Volunteers are assigned tasks based on the needs of the library and that are within individual capabilities.

- Volunteers receive no wages, stipends, gift cards, or other items of monetary value, other than the occasional nominal refreshments or recognition that has no cash value.
- Volunteer hours are to be during the regular operating hours of the library, not before or after, unless there is a special event outside of the regular operating hours and its pre-approved by the Director. Volunteer opportunities are in compliance with NYS Child Labor Limits, do not handle cash, can not be alone at a venue or within the building, involve no supervision of others, and no access to any patron information.
- Volunteers are not permitted to field reference inquiries or perform tasks that are assigned to paid staff.
- Volunteers will not be provided access to any information which falls under [Civil Practice Law & Rules \(CPLR\) Section 4509](#), NYS patron confidentiality law, which includes access and use of the OWWL database for circulation or any circulation related functions. Volunteers will acknowledge receipt of the library's data breach and confidentiality policies and sign acknowledgement and compliance with these policies as a volunteer.
- Volunteers are expected to adhere to the Williamson Public Library's confidentiality of library records policy and will not disclose any information including, but not limited to patron names, addresses, phone numbers or materials requests should they come in contact with this information during their volunteer hours at the Library.
- Volunteers are recognized as representatives of the library and are expected to follow the same rules of conduct as library staff and patrons.
- Volunteers will have a workplace free of discrimination and harassment. Mutual courtesy and respect will be displayed between all library staff, volunteers, and patrons. Volunteers report to the Youth Services Coordinator and should report any concerns regarding discrimination or harassment immediately to their Supervisor and the Director, as well as completing the library's official complaint form. If a concern involves the above entities, a volunteer should reach out immediately to the Library's Board President. Any retaliation for issuing a concern is strictly prohibited.
- Internship opportunities are considered only when there is a formal agreement between an ALA accredited degree program, whereas the student receives credits towards a Masters in Library Science degree. All internships must be approved by the Williamson Public Library Board of Trustees and interns are considered part of Library payroll and are paid. Internships are considered based on the availability for library supervision, library need, and the ability to provide the work required via a formal agreement for credit, and are only approved if the above is met and the library has funds available to compensate for an internship.
- Unpaid internships and shadowing are not allowed due to the inability to provide this type of opportunity without providing non-employee access to confidential patron information under NYS law, the blurring of lines between observation and participation of civil service classified work, and liability.

Termination of Volunteer Service

The Williamson Public Library reserves the right to terminate a volunteer's service at any time, for any reason, at its sole discretion. Reasons for termination may include, but are not limited to, failure to adhere to Library policies, unsatisfactory performance, misconduct, or a change in the Library's needs. Terminations are administered by the Library Director. Volunteers may also choose to discontinue their service at any time by notifying their Library supervisor.

Disclaimer

This policy does not create a contract of employment. Volunteers are not employees of the Williamson Public Library and are not entitled to receive employee benefits or unemployment insurance. As volunteers are not paid employees of the Williamson Public Library, they are not covered under the library's workers compensation policy.

Ongoing Use Evaluation

The Volunteer Policy will be evaluated every three years by the Director and Board of Trustees or when law or insurance policies change. Questions or concerns regarding Williamson Public Library's use of volunteers or Volunteer Policy should be forwarded to the Director.

5000.0 HISTORY OF THE WILLIAMSON PUBLIC LIBRARY

The Williamson Free Public Library was first organized in 1911. Mrs. A.E. DeZutter was the first townsperson to actively desire and seek a Public Library in Williamson. Mrs. DeZutter wrote to the Educational Extension Division of the University of the State of New York for information regarding the establishment of a Village Library. A notice was placed in "The Williamson Sentinel" to arouse interest in and discuss the new project. On the evening of September 12, 1911, thirty people met in response to the notice. The need for a library was evident, so a canvass of the Township was made resulting in the formation of the so-named Williamson Library Association of September 19, 1911. Later research determined that there never was an association library formed in our town since an association library is established and controlled in whole or in part as an association or as trustees under the provisions of a will or deed. The officers of the "association" were: Mrs. A.E. DeZutter, President; Mrs. F.M. Gordon, Vice-President; Mrs. W.G. Fish, Secretary; Miss Kittie Burr, Treasurer. The trustees were Mr. and Mrs. H.V. Pearsall, Dr. Annie T. Lapp, Mr. and Mrs. W.H. Williams, Mrs. C.L. DeZutter, Mrs. C.G. Hoagland, and Miss Annie Cheetham.

The library opened with 150 books on the 13th of December, 1911, located in the printing offices of Williams and Scott, who offered space for bookcase, rent free, for three years.

The library soon outgrew the space in the printing office and moved first to the Grange Hall and later to larger accommodations in the Tassell and Fairbanks building. The early library was funded by donations, general fund drives, and from library sponsored entertainments and plays. The people who participated in these events went to great lengths to ensure their success. Acting as prop manager for a play to benefit the library and unable to obtain stage curtains for the production, Dr. Annie Lapp went home and promptly returned with her own maroon velvet parlor curtains. The play went on as scheduled. Each year fundraising became more burdensome, so the association petitioned the Town Board to grant a sum of money for the support of a library to serve

the entire Township (including Williamson, Pultneyville, and East Williamson) and to be known as the Williamson Free Public Library.

The Town Board granted the petition at their meeting held December 28, 1921. The sum of \$300 was appropriated yearly to maintain the library. This money provided for the rent of a library room, the salary for one librarian, and the purchase of books, provided the library spent a like amount on books.

The Board of Regents of the University of New York granted a provisional charter on February 22, 1922 and the library was provisionally incorporated by the Regents of the University of New York on May 5, 1923. An absolute charter, No. 4718, was granted on April 18, 1941. With incorporation as a Free Public Library, the library became a municipal agency. After incorporation in 1923, trustees were elected and branch libraries were opened in East Williamson and Pultneyville.

The library continued much the same for several years until joining the Wayne County Library System in the early 1960's. The library reaped many benefits with this move, including a \$150 grant, once-a-week delivery service, rotating book collections, and interlibrary loans. Contrast this with today's membership in the OWWL Library System.

Technology support, six-day-a-week delivery service, dvds and audio-visual materials, digital materials, database access and continuing staff and trustee education through workshops and seminars. The OWWL Library System consists of libraries in Wayne, Ontario, Livingston, and Wyoming counties with the Central Library in Geneva.

The library building at 4170 East Main Street began as an idea born of necessity. The library's last home was a yellow house located where the current Main Street parking area is. Mr. Charles A. Garfield donated that building in 1939 in memory of his first wife.

The year 1968 was notable in the history of the Township. The completion of the new Xerox complex in Webster, New York brought many new people to town. From 1968 to 1969, the population of the town grew from 5,294 to 6,082. This sudden influx of people caused an enormous increase in circulation of materials in the library. Along with the sudden increase in circulation came another problem: the recommended floor space for a library serving a community the size of Williamson was 3,400 square feet minimum, far exceeding the 895 feet of the Garfield house.

Discussions for additional library space began in 1970. With Williamson's reading public outranked only by Newark in Wayne County and Canandaigua in Ontario County, additional space was urgently needed. Eventually, the architectural firm of Tucker & Fairbanks was commissioned to design the new building. Early in 1973 construction began with 30 students in building trades at the Wayne County Occupational Center working with private contractors with completion before fall. The resulting building consisted of two levels at 3,500 square feet each to total 7,000 square feet.

The scene at 9:00 AM on Saturday, October 27, 1973 could have been the rehearsal of a spectacular movie or a giant pilgrimage to some unknown place. But what really took place was the moving of the library and its contents to a new building. By 11:30 AM, all of the books had been moved and by noon all of the shelving and miscellaneous materials had vacated the old building. A human chain of volunteers from the old to the new building resulted in an efficient operation. Scout troops, their leaders and helpers, Friends of the Library, local organizations and many individuals were part of the "chain." During a break, the volunteers were treated to cider donated by the Williamson Juice Corporation and cookies donated by the Friends of the Library. The library opened for business on Wednesday, October 31 on the main floor of the newly constructed building.

Space again became a problem, and in the mid-eighties, the children's collection was moved to the recently finished lower level of the library. Scout troops again formed a human chain from the main floor to stock the newly installed shelving.

In its location at 4170 East Main Street, the Williamson Free Public Library continued to expand its services and increase its circulation. From a total circulation of 31,362 in 1973 the numbers grew to a total circulation of 169,346 in 1998. In January 1999, the library was ranked in the top ten public libraries in the nation among communities of similar size. This ranking compiled by Thomas Henning, Jr., and published in *American Libraries* magazine is referred to as the HAPLR rating – Henning American Public Libraries Rating. The Williamson library would continue to be on the “Top Ten” list for six years in a row.

History repeats itself, and in 1999, the library board and town board acknowledged that space and parking were inadequate for the number of people who used the both the town hall and the public library. A community committee was formed to examine options and several public forums were held to allow the public to discuss a number of different solutions to the space crunch. Finally, the town board decided to put up a proposal to build a new library building on the north side of Main Street. The building, if approved would be two levels with parking behind the library on the lower level. In a vote on November 7, 2000, the proposal was defeated by 75 votes. Surveys taken after the polls closed seemed to indicate that voters felt that the new library would not solve all the problems – it would not provide an answer for the town hall's space issues, the location would require a similar two-story building as the current library, parking would be on an elevation lower than the street level and it just didn't satisfy expectations.

The town and library boards went back to the drawing board. In January 2001, the town board sent out another survey giving four potential “solutions” to the facility question.

They were:

1. Do minimal renovations to the town hall and library to address handicapped access to bathrooms, doorways and hallways. Put an elevator in the town hall.
2. Renovate town hall and library as in #1, increase the space by adding on to the building and put an elevator in each building.
3. Build a new town hall and court at a new location with the possibility of adding a library at a later date.
4. Build a new complex at a new location to include the town hall, court and library.

Over 700 people responded and 75% of those felt that the town should consider new facilities rather than remodel the old ones. Land was available on Route 21 just south of 104. The town board began to consider its purchase for a time when it would be clearer what should be done. The arrangements were made to purchase about eight acres for future construction. Action by a local citizen forced the issue to come to a vote. On November 11, 2001, voters approved the purchase of the land.

Now, the decision had to be made as to what exactly to do on that parcel – and when. After more fact-finding, it was decided to give the voters a choice between building a complex complete with court, town office and library facilities, just a town office or just a library. On Tuesday, November 5, 2002 option #1 – a new Town Complex to be built for \$3.4 million was approved.

Over the next year and a half, plans were developed and the official groundbreaking ceremony took place on September 4, 2003. The building was constructed on the Route 21 property. The new library would occupy 10,500 square feet of the 21,000 square foot building. On Friday, June 18, 2004, the library on 4170 East Main Street closed. On Monday, June 21 movers and staff began the gargantuan task of relocating the entire collection, computer network and files to the Town Complex building. It took four tractor-trailers and forty workers fourteen hours until the last box was moved. For the rest of the week – a scant four more days – the library staff labored to organize and arrange. New shelving and workstations accommodated the old collection and work materials. Slowly, the “new” library began to emerge. Each day a crew of home-schooling families would bring a lunch for the staff so that they could take a break from their work. Finally, on Monday June 28, 2004 the library re-opened in its new location. Over 800 people flocked through the doors to see what was inside. Over 2100 items were borrowed that day. It was a record-breaking day for the library in many ways. The town complex has been well received and the public has found it to be convenient for their needs. The larger building has allowed the library board to expand computer access for the public and it is one of the most sought-after services. In addition to public access computers, wireless Internet is available for those who bring their own laptops. In December 2004, the library joined the OWWL Library System’s automated circulation system, OWWL Access. Now Williamson borrowers have instant access to over one million items held in the 42 libraries of Ontario, Wayne, Wyoming and Livingston counties.

In March 2015, the Williamson Free Public Library submitted paperwork to the NYS Department of Education to change its charter to become the Williamson Public Library. The above action was granted by the Board of Regents and the name was officially changed.

On June 9, 2015 the Library held its first 259 vote placing the library budget directly to the voters. Residents of the Williamson Central School District voted overwhelmingly to provide stable funding to the municipal library starting with the 2016 library budget. In 2016 due to patron demand and changing technology needs, the library upgraded to a fiber network. This change has resulted in the library being able to provide a fast high-speed connection for its public computers and also for WIFI users of the library’s internet access services.

In 2017, the library upgraded its single stall restroom facilities to gender neutral family restrooms and added diaper changing stations for families.

In 2025, the Williamson Public Library was named the RRLC 2025 Public Library of the Year by the Rochester Regional Library Council (RRLC), which serves Ontario, Wayne, Livingston, Wyoming and Monroe Counties.

The Library continues to add services, materials and amenities to reflect the changing needs of the Town of Williamson community.
