2024 HIGHLIGHTS

In 2024, the Library added three new Interactive Play Stations to the Children's Area to expand creative play opportunities. Fencing and Egress Gates were added to the Library's Patio Area, in anticipation of utilizing the space for outdoor seating and children's programming during the warmer months. A family pass to the Rochester Museum and Science Center, an additional NYS Park's Pass, and more outside yard games were added to the collection for family fun. The Library also expanded its Digital Literacy Class offerings and one on one technology support via a PLA/AT&T grant and first aid and safety classes for Kids via an ESL Federal Credit Union Grant.
